

SAFETY DATA SHEETS AUTHORIZING SERVICES

Regulation (EC) n°1907/2006 (REACH), as amended by Regulation (EU) n°453/2010, requires that the supplier of a hazardous chemical (substance or mixture) provides the recipient of the product with a Safety data Sheet. Furthermore, the Safety Data Sheet must be supplied in a language of the Member State in which the chemical is being placed on the market.

The provision of Safety Data Sheets toward the EU by suppliers of hazardous chemicals or chemicals containing hazardous components (such as sensitizers, carcinogens, etc) is regulated by Article 31 of REACH. REACH Annex II, as amended by Regulation (EU) n°453/2010, provides for the specific content and formatting requirements.

Since 01 December 2010, EU Safety Data Sheets must include all substances classification according to CLP and DSD and may include until 01 June 2015 mixture classifications and labeling according to DPD.

REACH & CLP SAFETY DATA SHEETS AUTHORIZING:

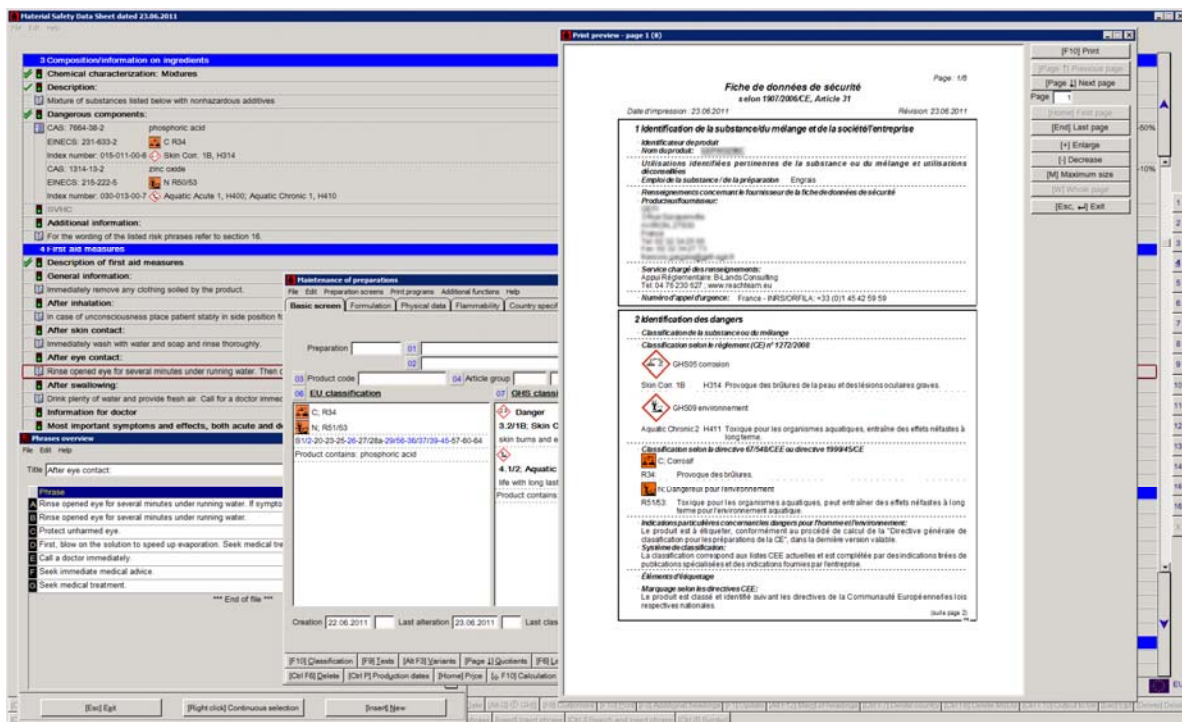

- **Classification of substances and mixtures**
 - Classification of substances and mixtures according to Regulation (EC) n°1272/2008
 - Classification of mixtures according to Directive 1999/45/EC (applicable until 1 June 2015)
- **Authoring of Safety Data Sheets compliant with the REACH & CLP regulations**
 - Generation of 16 points Safety Data Sheets compliant with REACH and CLP and their most recent amendments
 - Choice of labeling elements to appear on the Safety Data Sheet to match your existing labeling: DPD or CLP/GHS
 - Flexible format allowing to insert specific safety precautions recommended by the manufacturer of the product
 - Inclusion of experimental testing results to justify adapted classification
- **Updating of existing Safety data Sheets**
- **Authoring of CLP safety labels**
 - **Authoring of high printing quality label templates**
 - Multiple languages labels available
 - Inclusion of experimental testing results to justify adapted classification
- **Quick Delivery Process**

ADDITIONAL SAFETY DATA SHEETS SERVICES:

- Authoring of **UN GHS** Safety Data Sheets (Korea)
- Authoring of **UN GHS** Safety labels
- Authoring of Safety Data Sheets for USA/Canada (NFPA,HIMS/WHIMS), China, Russia, Indonesia
- Assessment/review of existing Safety Data Sheets
- Testing to refine mixture classification (physic-chemical, toxicological, eco-toxicological)

LANGUAGES SUPPORT & AUTOMATED TRANSLATIONS:

• Bulgarian	• Chinese	• Croatian
• Czech	• Danish	• Dutch
• Estonian	• Finnish	• French
